

Course Title: Advanced Placement Human Geography* 2103400(Y)

Prerequisite: Currently enrolled in English Honors I and Teacher Recommendation

FCAT score of 3 or above.

3.25 GPA (Un-weighted)

The purpose of the AP Human Geography course is to introduce students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of Earth's surface. This course is designed to prepare students for the AP Exam and is challenging and rigorous. There will be a summer assignment designed to prepare students with fundamental geographic knowledge of place locations and basic terminology. The assignment consists of map activities and introductory vocabulary definitions. Packets will be available in the revolving flyer display rack in the front office.
